## Our Learning

This week we begin our Color Unit. Each day we will explore a different color. We want students to be able to identify that color and see the color word written and recognize it. We will also be practicing our fine motor skills by cutting, gluing and making a lot of color crafts. We ask that students try to dress in the color of the day!

## Practicing at Home

- A great thing to see is if your child is able to read color words (red, blue, etc.)
- Have your child practice writing their first name.
  - Make sure to use only an uppercase letter at the beginning and all the rest are lowercase.
- Homework:**
