For Homework this week the students will complete their square of our classroom quilt. Please attach a photograph of your child in the center. They will write their name on the top. They will then choose a describing word that they feel best describes them on the bottom. The sides of the square are where they get to decorate and be creative. Since we will laminate the quilt, please make sure that you decorate with flat things like stickers. The square will need to be returned to school by Friday.
